

TheMinerzCoin 2025 Roadmap

TheMinerzCoin (TMC) 2025 Roadmap

Q1 2025: Expansion and Optimization

- **Network Optimization**: Enhance the scalability and stability of the mainnet to support higher transaction volumes.
- **Reward Program**: Introduce new incentives for existing stakers and miners to boost network activity.
- **Strategic Partnerships**: Establish collaborations with service providers and platforms to integrate TMC as a payment method.
- **Community Growth**: Host webinars, meetups, and competitions to expand the TMC user base.

Q2 2025: ICO and Marketing Expansion

- **April 15, 2025: Initial Coin Offering (ICO)**
 - **Target Amount**: \$20 million.
 - **Price Per Coin**: \$0.50.
- **Marketing Campaigns**: Launch global campaigns focusing on social media, blockchain forums, and crypto conferences.
- **Wallet Updates**: Add new features like multi-asset support, fiat onramp, and enhanced security measures.

Q3 2025: Marketplace Integration and Ecosystem Growth

TheMinerzCoin 2025 Roadmap

- **E-commerce Integration**: Partner with online merchants and platforms to offer TMC as a payment option.
- **DApp Development**: Support decentralized application (DApp) development on the TMC blockchain through developer grants.
- **Sustainable Mining Rewards**: Expand the GreenMining initiative with additional incentives for miners using renewable energy.
- **Adoption Campaigns**: Run campaigns in emerging markets to promote TMC as a reliable payment solution.

Q4 2025: Scaling and Global Reach

- **Listing on Major Exchanges**: Expand TMC's availability on leading centralized and decentralized exchanges (CEX & DEX).
- **International Expansion**: Launch in new markets, focusing on Asia, Latin America, and Africa.
- **Technology Updates**: Implement Layer-2 solutions to improve transaction speed and costs.
- **Governance Model**: Prepare for the launch of a decentralized governance system (DAO) in 2026.

Long-term Vision (2026 and Beyond)

- **Interoperability**: Build bridges to other blockchain networks to extend TMC's usability.
- **Mass Adoption**: Strengthen TMC as a preferred payment method for global transactions.
- **Environmental Responsibility**: Continuously promote sustainable mining practices and invest in eco-friendly initiatives.
